

Presentation of the guidelines for the "European Trailing Championships 2019"

The first Pettrailer Animal Search Organisation, have organised for the first time a European trail competition, the "EUROPEAN TRAILING CHAMPIONSHIPS 2019".

We cordially invite all official rescue organisations, dog schools, professional mantrailers and private trail groups (mantrailing or pettrailing) to this competition.

About this first European trailing competition of its kind, we want to find the best trailer (man / pettrailer) in Europe. Of course, in the foreground is to have fun with our dogs.

In each participating country or federal state, a preliminary decision will be made with uniform framework conditions. After completion of the regional competitions of a country, the respective winner will be given the title e.g. "German Trailing Champion 2019" for the highest score.

The best 8 trailers of a participating country will become the winning team to compete for "**European Trailing Champion 2019**" on 01.06.2019 in another competition.

Participation requirements:

Any dog-handler team (hereinafter referred to as "Team") with trailing experience (no beginners) may participate. The teams should be able to handle a 300m long trail with several changes of direction and easy difficulties (Basic 2 level).

The minimum age of the dog is 12 months, there is no upper age limit and the dog must be healthy.

All breeds and sizes, as well as dogs with physical disabilities can also participate. Different classes such as e.g. age, big / small dogs, professionals / amateurs, physically handicapped dogs, etc. does not exist. Aggressive search dogs must wear a muzzle to protect the runner.

The competition takes place in all weathers except for thunderstorms / hail, the adjudicator on site decides conclusively.
